AIR SOLUTIONS INCLUDE:

- **TOUCHSTONE®**: Combines customizable user interfaces, integrated data quality tools, and award-winning geospatial analytics to help companies understand their risk like never before. Intuitive, flexible, powerful, and fast, Touchstone represents the next generation of catastrophe modeling.
- **CATRADER®**: Industry standard for analyzing reinsurance contracts and insurance-linked securities. Reinsurers, insurers, reinsurance intermediaries, and investors across the world rely on CATRADER for analyzing and pricing catastrophe risk transfer alternatives.
- **ALERT™**: An online service providing up-to-date information and loss estimates for major natural catastrophes worldwide.

ABOUT AIR WORLDWIDE

AIR Worldwide (AIR) provides catastrophe risk modeling solutions that make individuals, businesses, and society more resilient. AIR founded the catastrophe modeling industry in 1987, and today models the risk from natural catastrophes and terrorism globally. Insurance, reinsurance, financial, corporate, and government clients rely on AIR's advanced science, software, and consulting services for catastrophe risk management, insurance-linked securities, site-specific engineering analyses, and agricultural risk management. AIR Worldwide, a Verisk Analytics (Nasdaq:VRSK) business, is headquartered in Boston with additional offices in North America, Europe, and Asia. For more information, please visit www.air-worldwide.com.

Verisk Analytics was included in Forbes America's Best Employers 2016 list.

Verisk Analytics was included on the Forbes World's Most Innovative Companies 2015 list.
